

TARIFF PICTURES.

Respectfully increased the value of the Cuban market for American goods during the past year from \$812,643 to \$1,535,555.

Our farmers were the principal beneficiaries of this increase.

—New York Press.

UNUSUAL PROVOCATION.

Augusta Chronicle.—A Chicago messenger boy was seen running the other day. He had just stabbed his companion.

NATURE ATTENDING TO BUSINESS.

Cincinnati Tribune.—Money may be tight and collections slow, but the corn in the farmer's field is fairly humping itself to make up for lost time.

RIGHT YOU ARE.

Commercial Gazette.—The sooner the Silver Purchase act is repealed the better it will be for the finance of the United States. Its intent was to increase the volume of currency; its effect has been to decrease it. Rich as this Nation is, prosperous as it is, it cannot afford to bear the silver burden much longer.

YUM! YUM!

Indianapolis Journal.—The Charleston News and Courier prints a careful review of the prospective watermelon crop in South Carolina, showing an estimated area of 4,415 acres planted, and a probable crop of 1,099 carloads. And yet there are people in this country who are asking themselves if life is worth living!

SCIENTIFIC PONDEROVITY.

Minneapolis Journal.—A thousand million of the animalcules found in stagnant water do not equal the size of a grain of sand. Yet when a lot of doctors get together in conversation they hitch a name as long as a German case word upon an infinitesimal animalcule and calculated to drive an unlearned man to seven different kinds of medicine.

THE OHIO IDEA.

Anglican Republic.—Governor McKinley will figure in history as one of the best friends of the masses that this country has produced. From now on he will grow in the estimation of the people, and as the brave champion of a tariff law that elevates labor and encourages the establishment of new industries in this country, he will be classed in time as one of America's greatest benefactors.

THE MILDST OF HERETICS.

Anglican Commercial.—Dr. Briggs is the mildest and most conservative "heretic" ever put on trial. If there is not room for him in the Presbyterian Church, the Presbyterian Church in America must either divide or consent to have the lights turned out and render a serene tenth century theological antiquarian society. The world will pass on and leave it. If the conservatives push the matter to the conclusion toward which they are headed, the result will be a triumph for Princeton, the fortress of orthodoxy, and the discomfiture of nearly every younger and more contemporaneous Presbyterian seminary in the United States. Sooner or later there will necessarily be a change. The old bottles, however stout, cannot always hold in the new wine. For religion is a progressive science, in spite of Elder McDougall of Cincinnati.

MAYSVILLE WEATHER.

What We May Expect For the Next Twenty-four Hours.

THE LEADER'S WEATHER FORECASTS.

White streamer—Fair.

Blue—Rain or snow.

Webb—Blue above—very warm.

It'll be a black—Colder—will be.

Unless black's shown—no chance we'll see.

THE above forecasts are made for a period of twenty-four hours, ending at 6 o'clock to-morrow evening.

FINE MESSINA ORANGES and LEMONS, Washington Naval Stores and Raisin Apples just received at Bona's.

JOHN GANTLEY and Miss Maggie A. Corbett, both of this county, will be married at 6 o'clock this afternoon at the Catholic Church, Mayfield.

READ the advertisement of "The Fair" in another part of this issue. Valuable and necessary household articles. Second and opposite Opera-house.

JAMES A. McCORD of Flemingsburg and Miss Nancy L. Stroh will be married at 6 o'clock this afternoon at the home of the bride at Shannon, this county.

Mrs. L. V. DAVIS, who has conducted the Millinery business in this city for the past twenty-five years, has only one store in Maysville, and that is located in Zweigert's Block, Second street below the square you get into the right store.

REED, Lewis, Young and Smith, the four-corded men arrested for stealing sheep from J. H. Peor, were tried before Mayor Peor yesterday afternoon and held over to the Grand Jury in the case of the sheep. The value of the goods stolen was but \$5.00, which lessens the crime to petit larceny.

Advertising Started By, Merit Made By Popular.

Dr. T. P. Hubbell, who is engaged in the drug business at Wheelock, Ky., says: "Advertising started the sale of Chamberlain's Cough Remedy here, but it now sells on its merits, and all who use it speak highly of it." When troubled with a cough or cold, give it a trial and you will be more than pleased with the result. It is also a certain cure for croup in children. Sent bottles for sale by Power & Reynolds, Druggists.

DULEY & BALDWIN, Fire Insurance Office, 305 Court street.

Read it in His Paper.

People who never read the advertisements in their newspapers miss more than they presume. Jonathan Kenner of Bolan, Worth county, Ia., who had been troubled with rheumatism in his back, arms and shoulders, read an item in his paper about a prominent German citizen of Ft. Madison had been cured. He procured the same medicine, and to use his own words: "It cured me right up." He also says: "A neighbor and his wife were both sick in bed with rheumatism. Their boy was over to my house and said they were so bad that he had to do the cooking. I told him of Chamberlain's Pain Balm and how it cured me. He got a bottle and it cured them in a week. I have great faith in Pain Balm and believe it will cure the worst cases of rheumatism. Fifty-cent bottles for sale by Power & Reynolds, druggists.
